Center for Academic Success

1-to-1 Tutoring: CAS offers free peer tutoring for more than 80 courses, but you must schedule appointments at least 24 hours ahead of time here: http://success.gatech.edu/tutoring/1-to-1

PLUS (Peer-Led Undergraduate Study): Twice-weekly group study is facilitated by a student who has already made an A in the class. Students who regularly attend PLUS sessions are much more likely to earn an A or B in the course than peers who do not attend those sessions. See our PLUS schedule at http://success.gatech.edu/tutoring/plus/schedule

Commons Tutoring: Come see your TAs and get help with exercises in CS1371, Chemistry, Physics, and Math classes. The schedule for drop-in tutoring is available here: http://success.gatech.edu/tutoring/commons

Academic Coaching: One-on-one meetings with a professional staff member help students to develop a personal plan to build on existing strengths and overcome impediments to reach academic goals.

Reboot: An academic success program that combines weekly group meetings with all the resources of the Center for Academic Success
