- headphones
- under the bed storage boxes
- iron and ironing board
- small hand-held vacuum
- folding drying rack
- stationery and office supplies
- medicines, first aid kit
- plastic dishes, silverware

Note: Personal appliances that are used for cooking need to be used in a proper and safe manner. No open flame device is allowed in any residence hall. Appliances that generate high temperatures (generally over 140 degrees such as a George Foreman grill or portable deep fat fryers) can only be used at approved locations. The top of any of the apartment or common area stoves provided with exhaust hoods are considered the only approved locations for use within residence halls.

Individual health and air quality requirements vary greatly between students desires and needs. Students should plan for small portable units (de-humidifier, air cleaner, humidifier, fan, ionizer. etc.) that meet their personal comfort desires as these items are not supplied in the rooms. Please see our policy on Indoor Air Quality (IAQ) for more information.

Prohibited items:

- alcoholic beverages (if under 21 years of age)
- candles (lighted), fireworks, weapons, incense
- any appliance with an open or exposed heating element
- lofts
- masking tape, nails, other products which damage or deface painted walls
- pets
- personal door locks
- traditional extension cords
- wireless access points (please see university website for more information)
